

OSA - 3662-67

JAR-856-2143
2 October 1967

TO: Dave W., cc: Bruce B. ✓

SUBJECT: Contract DC-1501-FY68 Proposal
Covering 1 July through 31 December 67.

Reference: Headquarters Message 4417 dated 12 July 67.

Gentlemen:

The attached proposal is submitted in support of continued effort on subject contract authorized by referenced message.

Please be advised that all the effort indicated in the attached proposal dated 30 June has not been scheduled, in accordance with instruction from the Technical Monitor. Specific tasks, other than those falling into the category of sustaining engineering, are only undertaken under the direction of the technical monitor and we are advised that this is due to the current policy of phase-out by the end of the calendar year.

The proposal was originally prepared prior to FY68 and was based on what seemed necessary to continue support through phase-out.

We hope this will provide the necessary documentation for amendment of subject contract in order to bring the records up to date.

Best Regards,

JAR:gl
